1. General Eligibility

Items purchased from UrbanThread are eligible for return or exchange within 14 calendar days of the delivery date shown on the courier's proof-of-delivery record, not the order date. The item must be unworn, unwashed, and in its original packaging with all tags attached. UrbanThread reserves the right to refuse a return that shows visible signs of wear, odor (including perfume or deodorant residue), or alteration. This policy applies uniformly across COD and prepaid orders; payment method does not affect return eligibility.

CATEGORY-SPECIFIC EXCEPTIONS

Certain product categories carry tighter or different rules than the general policy above, primarily for hygiene, customization, or promotional reasons. Agents must check the category table below before confirming eligibility to a customer, as several categories are non-refundable outright.

Category	Returnable?	Window	Notes
Ready-to-wear (unstitched)	Yes	14 days	Standard policy applies
Stitched / custom-tailored	No	—	Made-to-measure; final sale
Innerwear & lingerie	No	—	Hygiene exception, no exceptions made
Footwear	Yes	7 days	Shorter window; box must be undamaged
Accessories & jewelry	Yes	14 days	Original packaging mandatory
Sale / clearance items (>30% off)	Exchange only	7 days	No cash refund, store credit or exchange
Gift-wrapped orders	Yes	14 days	Gift wrap itself not refundable

2. Size / Fit Exchanges

Size exchanges are treated distinctly from returns and are UrbanThread's most common post-delivery customer contact reason, particularly on unstitched and semi-formal lines where size charts are self-measured by the customer. A size exchange request does not require the original packaging to be in perfect condition, provided the garment itself is unworn and unwashed. One free size exchange is permitted per order; a second exchange on the same order is subject to a Rs. 150 handling and reverse-shipping charge, deducted from any refund or charged to the customer for a cash-on-delivery exchange shipment.

Handling hesitant cancellation requests

A customer message such as "cancel kar do, size sahi nahi lagega" is a sizing concern, not a firm cancellation, and should be treated per this section rather than processed as an outright order cancellation. Agents should offer the size chart and this exchange policy before processing any cancellation on sizing grounds. Repeated hesitation after this offer should be escalated per the standard low-confidence escalation path rather than resolved unilaterally by an automated agent.

3. Refund Method and Timeline

For prepaid orders, refunds are issued to the original payment method within 5-7 business days of the returned item passing warehouse quality inspection. For COD orders, since no original payment method exists, refunds are issued via bank transfer or JazzCash/Easypaisa to an account nominated by the customer, which typically adds 2-3 additional business days for account verification. Store credit, where chosen instead of a cash refund, is applied instantly upon return approval and does not require the verification step.

4. DAMAGED OR INCORRECT ITEMS

Items that arrive damaged, defective, or different from what was ordered are handled outside the standard 14-day return window described in Section 1 above and are not subject to the category exceptions in the table (i.e. even a stitched or innerwear item that arrives genuinely damaged is eligible for return on this basis). The customer must report the issue within 48 hours of delivery and provide a photo of the item; UrbanThread bears the full cost of the reverse shipment in these cases, and no restocking or handling fee applies regardless of category.

This section was reworded in v2.1 (see revision history) following a legal review that clarified that the 48-hour reporting window is a target for prompt reporting, not a hard cutoff that forfeits the customer's statutory consumer-protection rights; agents should not refuse a damaged-item claim solely for being reported on day 3 or 4 if the item is clearly defective on inspection.
